VOLUME XXXIX

PARIS, BOURBON COUNTY, KENTUCKY, TUESDAY, JANUARY 6, 1920

POLITICAL POT BEGINNING TO BOIL IN BOURBON

For the past several months there has been an undercurrent of the possibilities of new tickets being in the course of formation in Bourbon county for county offices.

On Friday and Saturday the pot boiled over and unofficial announcements were heard of and considerable electioneering was indulged in.

The new Sheriff's ticket that has been a matter of considerable discussion was handed out with Ed. Bedford leading the ticket and Chief of Police Fred Link and Dave Clarke as his deputies. Mr. Bedford is a high-class gentleman and popular with those who know him and is now a deputy in the office of the Internal Revenue Department. Mr. Link, before coming to Paris, gained notoriety as a "strike-breaker" in Chicago, then as a patrolman on the Paris police force; and later elected as Chief of Police of Paris, a position he now holds.

Mr. Clarke, of Millersburg, is a merchant of that place and was defeated for Sheriff at the last election by W. G. McClintock.

The ticket is to be headed by J. O. Marshall, the present deputy in the Sheriff's office, who has held a like position for a number of years. Mr. Marshall is popular and efficient.

The deputies, it is said, will be R. M. "Bob" Gilkey and Doug Thomas, two genial and popular gentlemen, who are both farmers and have a host of friends and will have a big following.

The primary is nearly two years off, and it looks like there will be "something doing" from now until election day in this race.

Another office being discussed, as to who will be the occupants is that of the Tax Commissioner. It is said that the deputy, John J. Redmon, will be a candidate against the present incumbent, Walter Clarke.

Other offices being discussed are those of the Circuit Clerk and that of the County Clerk, but as yet no one has had the nerve to offer themselves for the slaughter. Two better clerks and officeholders, never filled a job. To beat "Bully" Paton and "Billy" Webb would be an undertaking, and it is hardly likely that anyone will jump into the race for these offices without first giving it thoughtful consideration and then making up their minds, not to do it. The office of the Judgeship of Bourbon has been little discussed.

If Judge Stout decides to make the race for Judge of the Court of Appeals, there will likely be a number of candidates to enter the race.

BOURBON FISCAL COURT

At the recent meeting of the Bourbon Fiscal Court, with County Judge Geo. Batterson presiding and a full board present, County Road Engineer Ben F. Bedford presented his report for the month of December, which was read, approved and ordered filed. An order was approved and entered, fixing the price of pauper coffins to be paid for by the county at \$25 for adults and \$12.50 for children.

The Court approved a large batch of claims against the county, and ordered them paid. This included a balance of \$4,207.97 due the Brandeis Machinery & Supplies Co. for road machinery and supplies. The Court instructed the County Road Engineer to advertise for bids for building a new garage for county trucks, to cost approximately \$10,000. The building is to be of fire-proof construction.

CANTRILL APARTMENT HOUSE BURNED AT GEORGETOWN.

The apartment house owned by Mayor Simpson and valued at \$10,000 was destroyed by fire Saturday night in Georgetown.

Ras Moore, an occupant of the apartment, saved his furniture, but John Roberts suffered a loss of \$500 and S. L. Glass about \$500, both on household goods with no insurance. It is said that Mr. Simpson's loss is fully covered by insurance. The building was only recently remodelled. The origin of the fire unknown.

Fire, Wind and Lightning Insurance. Thomas, Woodford & Bryan

for the Circuit Judgeship of the district composed of Bourbon, Scott, Woodford and Franklin. If Judge Stout decides to make the race for Judge of the Court of Appeals he will be hard to beat in Bourbon.

Little has been said in regard to the County Attorney's job or that of School Superintendent, as Dave Cline seems to be giving satisfaction, and no one seems to be crazy to be the "boss" of County Schools.

However, let us nominate men to fill the offices of Bourbon county who can win—men who we will all work and vote for in the regular election. Don't pledge to anyone until you feel that he is a man who can win in the regular election—there is plenty of time to consider till August, 1921.

TOBACCO MARKETS

The block sale Thursday at the Independent Warehouse No. 2 disposed of a total of 190,460 pounds for a total of \$99,165.34, a floor average of \$52.06.

The Paris tobacco market for the past week was in excess of any week during the season. Prices were strong on good quality stuff and weaker on inferior grades. The Independent Co. sold for the season up to the closing sales Friday a total of 1,393,065 pounds of tobacco for \$769,432.53, an average of \$55.21. The Bourbon Company sold for the same period a total of 2,199,410 pounds for \$1,202,238.69, an average of \$54.66. The total sales on the Paris market for the season reached the figures of 3,592,475 pounds, representing a money value of \$1,971,671.53, a season average of \$55.01.

Thos. Simms, a tenant on the John Hehr farm, near Cynthiana, received a check last week for \$6,011, for his half of the crop of tobacco grown on the farm. The entire crop was sold to a speculator at eighty-five cents a pound. Who ever before heard of a tobacco tenant, or any other tenant, for that matter, making so much money in a single year on a single crop?

The Bourbon Tobacco Warehouse Company sold yesterday on the Bourbon No. 3 floors 114,365 pounds for \$56,080.65, an average of \$69.03. The quality was poor. Some of the crop averages follow:

Thomas & Hall, 1,880 pounds, average \$74.01.
Bell & Davis, 3,335 pounds, average \$63.44.
Y. B. Laughlin & Doughter, 1,140 pounds, average \$59.11.
Burriss & Henderson, 3,300 pounds, average \$57.71.
Y. B. & W. C. Laughlin, 1,245 pounds, average \$57.40.
Burriss & Hall, 3,725 pounds, average \$55.41.
T. K. Mason, 2,430 pounds, average \$52.14.
Haggard & Kuster, 6,875 pounds, average \$59.19.
Mrs. O. L. Potts, 860 pounds, average \$65.58.
Burriss & Jackson, 4,490 pounds, average \$65.59.
Burriss & Jackson, 4,490 pounds, average \$51.17.
Davis & Yancey, 2,565 pounds, average \$51.41.
Bramblett & Potts, 2,230 pounds, average \$62.94.
Judy & Wells, 3,915 pounds, average \$52.03.
Clay & Faulconer, 4,215 pounds, average \$59.49.
Penn & Argo, 2,785 pounds, average \$50.29.
Tate Bros. & Florence, 1,755 pounds, average \$55.19.
Letton & Claypool, 3,230 pounds, average \$58.13.
Wright & Shaw, 4,500 pounds, average \$55.47.
Russell & Thornton, 590 pounds, average \$57.
Letton & Claypool, 3,030 pounds, average \$55.55.
The block sale will be finished at the Independent, and then go to Bourbon No. 1 at one o'clock this afternoon.

BACK TO OLD KENTUCKY.

T. Porter Smith, the irrepressible, who has for several years been a resident of Los Angeles, California, where he was very successful in the real estate and insurance business, has returned to Kentucky to reside in the future.

Mr. Smith has opened a real estate office in Georgetown, with auctioneering as a side line, and it goes without saying that he will make this an unqualified success. Possessing a large acquaintance in Central Kentucky, and having just what is needed in the way of confidence, business judgment and a knowledge of land values and business conditions in the good old State, Mr. Smith will soon be among the top-notchers in this part of the country. He is a splendid mixer, a good handshake artist, and is bound to make good with the people of Georgetown and Scott county. His return to Kentucky proves that he is convinced that the old Commonwealth is every bit as good, and in some respects, better than the Golden West. His many friends here wish him unbounded prosperity in his new venture.

CITY SCHOOLS HAVE A GREAT OPENING.

The City School opened yesterday morning with a record attendance. Many new students enter the grades.

In the High School interest centers now around examination week, which will be January 19 to 23. The examination schedule will be in THE NEWS Friday morning.

Second semester opens Monday, January 26. At this time students can enter all departments of the school. Get ready now for Monday, January 26th.

KENTUCKY LEGISLATURE TO CONVENE THIS MORNING

The 1920 session of the General Assembly of Kentucky will convene at the Capitol this morning, when the upper and lower houses will assemble in joint session to hear, from the third Republican Governor of the State, the first oral message ever delivered by a Kentucky executive to an assembling Legislature.

The House of Representatives will come together with the Republicans in control by a margin of ten votes, the line-up being 55 to 45 in their favor; in the Senate the 20-to-18 line-up gives the two-point majority to the Democrats, thus duplicating a situation of divided control that has occurred but once in the history of the Commonwealth.

Here is the day's program:
12 o'clock noon—Swearing in of all new State officials except the Governor and Lieutenant Governor, who took the oath on December 9.

2 p. m.—Joint meeting of the Democratic State Central and Executive Committee at Frankfort Hotel.

7:30 p. m.—Republican House caucus, House chamber.

7:45 p. m.—Republican Senate caucus, Senate cloak room.

8 p. m.—Democratic Senate caucus, Senate chamber.

8 p. m.—Democratic House caucus, Senate chamber.

8 p. m.—Democratic House caucus, House chamber.

All executive departments of the State government will be turned over by the retiring Democratic officials who served under the Stanley-Black regime at noon to-day, to the victorious Republicans who won on the ticket headed by Governor Morrow. The new officials and their predecessors are: Auditor John J. Craig, of Covington, who succeeds T. M. Jones, of Somerset; Treasurer, James A. Wallace, of Irvine, succeeding Sherman Goodpastor, of Owensville; Secretary of State Fred A. Vaughn, of Paintsville, succeeding James P. Lewis, of Harlan; Attorney General Charles L. Dawson, of Pineville, succeeding Charles H. Morris, of Frankfort; Commissioner of Agriculture Will C. Hanna, of Shelbyville, succeeding Mat S. Cohen, of Lexington; Superintendent of Public Instruction, George F. Colvin, of Springfield, succeeding V. O. Gilbert, of Franklin, and Clerk of the Court of Appeals Roy B. Speck, of Bowling Green, succeeding Rodman W. Keenon, of Harrodsburg.

THE WEATHER.

The weather forecast for this date, as issued from the Weather Bureau at Washington, is as follows: Tuesday, cloudy and warmer, probably followed by rain or snow.

The coldest weather of the winter struck this section Friday night, the mercury tumbling from its lofty perch until it had reached the low attitude of four below zero. While thermometers in different parts of the city varied considerably, owing to location the zero mark could be taken as an average. Water pipes were frozen all over the city, and the doleful complaints of housekeepers kept the plumbers busy. The sudden drop caused much suffering among the poor people of the city, but so far as known there were no cases of actual suffering that were not relieved by the charitable organizations of the city. By one o'clock Saturday afternoon the extreme cold moderated a little, followed by a fall of snow. On account of the extreme cold the public sale of the Julian Frank and J. M. Alverson farm on the Maysville pike, was postponed to another date. The extreme cold continued through Sunday, and yesterday the thermometer again marking time below zero.

BOARD OF EDUCATION MEETS

The County Board of Education held an important and interesting meeting yesterday morning at ten o'clock, in the office of County Superintendent of Schools J. B. Caywood. The Board disposed of a large amount of business connected with the county schools.

GUARANTORS MEETING

There will be a meeting of the guarantors of the 1919-1920 Redpath Chautauqua entertainment course, at the Y. M. C. A. this (Tuesday) evening, at 7:30 o'clock. Officers will be elected and committees appointed for carrying out the program for the remainder of the year.

BURNED BY EXPLOSION

A colored woman employed as cook at the home of Mr. and Mrs. William Shire, in this city, was severely burned about the head and face when a gas stove exploded while she was standing in front of it.

DISASTROUS FIRE DESTROYS HARRODSBURG PROPERTY

Fire which broke out Saturday in the garage of J. T. Ingram, in the business section of Harrodsburg, destroyed the building and between eighty and ninety automobiles and trucks, causing a loss estimated at \$200,000 with insurance at less than half that amount.

Included in the losses were two large trucks loaded with groceries which had just arrived from Lexington, a large truck loaded with furniture and the handsome funeral car of Brunner & Sims.

The fire started when the chauffeur for a party of negro musicians, who had come from Lexington to play for a dance given by the young people of the city, went to the garage to get his car.

The car failed to work properly and he lighted a lantern at the door of the garage. An explosion followed, and in a few moments the entire place was in a blaze.

MUSICAL FIVE TO REMAIN INDEFINITELY.

Manager John B. Elliott evidently thinks well of the Derson Musical Five, the organization that has been helping to pack the houses at the Grand and The Alamo for the past two weeks. The Musical Five will remain here for an indefinite time, it was learned yesterday. This will be glad news to the patrons of these movie houses, who have become accustomed to forgetting their troubles and cares when the tinkling, titillating melodies of the Musical Five strikes their ears. One interested woman said to THE NEWS man yesterday, "It's a question with me whether I shall look at the pictures or try to keep my attention from being distracted by the excellent music."

PICTURE PROGRAM AT THE GRAND AND ALAMO.

To-day, Tuesday, January 6.—William Russell, in "Eastward, Ho!" William Duncan, in "Smashing Barriers;" Sunshine Comedy, "Back to Nature Girls."

To-morrow, Wednesday, January 7.—Enid Bennett, in "Stepping Out;" Topics of the Day; Bray Photograph; Prizma Color Picture, "Gators."

Thursday, January 8.—Florence Reed, in "A Woman Under Oath;" Vod-a-Vil Movies, and Pathe Review.

Hear the Derson Musical Five play and sing.

FRANK & CO.

LADIES' OUTFITTERS

—WE KNOW NOW—

Very few men appreciate the extreme care and attention to detail that is given nowadays to the making of clothes—particularly the making of our Smart Clothes. From the inspection of the woollens from the mill until the finished garments are hung in our cabinets ready for your try-on, there are hundreds of separate individual operations, each of which is performed only by skilled master craftsmen. And each operation must be perfect in itself to make a perfect fitting product.

It is the attention to detail—this care in making the unseen, hidden parts of each garment as fine as the high standard parts you can see that is what distinguishes our clothes from other clothes.

The fit, the style, the smartness may be seen in a try-on before our mirrors. The wearing quality is discovered only by months of service. Our wearers can tell you tales of unusual service—unusual as compared with other clothes, yet not unusual for ours.

MITCHELL & BLAKEMORE

NEW TREATMENT THAT KNOCKS RHEUMATISM

75c BOX FREE TO ANY SUFFERER

Up in Syracuse, N. Y., a treatment for rheumatism has been found that hundreds of users say is a wonder, reporting cases that seem little short of miraculous. Just a few treatments even in the very worst cases seem to accomplish wonders even after other remedies have failed entirely. It seems to neutralize the uric acid and lime salt deposits in the blood, driving all the poisonous clogging waste from the system. Soreness, pain, stiffness, swelling just seem to melt away and vanish.

The treatment first introduced by Mr. Delano is so good that its owner wants everybody that suffers from rheumatism or who has a friend so afflicted, to get a free 75c package from him to prove just what it will do in every case before a penny is spent. Mr. Delano says: "To prove that the Delano treatment will positively overcome rheumatism, no matter how severe, stubborn or long standing the case, and even after all other treatments have failed, I will, if you have never previously used treatment, send you a full size 75c package free if you will just cut out this notice and send it with your name and address with 10c to help pay postage and distribution expenses to me personally."

F. H. Delano, 1398-A, Griffin Square Bldg., Syracuse, N. Y. I can send only one Free Package to an address. (adv-6-9-13)

Hiram Johnson is already a presidential candidate. Now if Herbert Hoover decides to make the race how will California divide itself?

The favorite pastime of most of us is figuring on the time when we won't have to work.

BRYAN DISTURBING ELEMENT IN DEMOCRATIC PARTY

WASHINGTON, Jan. 5. — Injection of the personality and the political views of William Jennings Bryan into the existing situation is seen as a disturbing factor to officials of the Democratic National Committee, under the auspices of which body the Jackson Day dinner is to be staged next week.

The Nebraskan, it is said, has been working with characteristic skill upon a publicity campaign, apparently intending to reach the climax when he takes the floor and delivers what is intended to be a keynote speech to the assembled party representatives.

Danger to the party prospects for 1920 is seen, and preparations are being made to overcome it. The Nebraskan pictures the party as being in a perilous condition and needing strong aid. Those whose regard for Bryan and his policies is not deep have said that he resembles the famous Arkansas doctor who threw his patients into fits because he was "strong on curing convulsions."

The issue national leaders will meet is whether or not Mr. Bryan shall be permitted to act as the prophet and expounder for the party and to assume an unsolicited direction of its affairs. It is early to be writing platforms according to those objectors to the Nebraskan's tactics, who draw attention to the fact that President Wilson's administration is not at an end and that a number of problems growing out of the war remain to be solved.

There will be a large array of members of Congress, Governors and Cabinet officials, it is said, who will be fully as competent to discuss political subjects as the former Secretary of State. It is argued, therefore, that there is no reason why Bryan should have the center of the stage.

There now is being developed a demand that Mr. Bryan shall give assurance that he will not endeavor to turn the meeting into a demonstration in favor of his latest theories and seek to embarrass all other party leaders by launching issues suddenly and without notice, and then demanding their acceptance or rejection of them.

It has been the custom of Mr. Bryan to be placed upon the bottom of the speaking list, in order that he may choose the program. Those who now are protesting against his latest activity will ask the Dinner Committee to make a different arrangement.

Breaks a Cold In Just a Few Hours

"Pape's Cold Compound" Instantly Relieves Stiffness and Distress!

Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery.

The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine. Insist upon Pape's! (adv)

Music's Great Power. "Those who think that music is one of the trifles of existence," said Gladstone, "are in grievous error, since from the earliest times it has been one of the most potent factors for molding and forming character."

Healthy, Robust People Popular Everywhere

Good Health Creates an Attractive, Magic Personality and Wins Admiration

Healthy People Are the Happiest
Pepto-Mangan Has Put Thousands Into the Healthy, Full-Blooded Class

How the red-blooded, energetic and attractive man or woman is envied by those who feel that it will always be their unfortunate lot to be thin, pale and weak-bodied!

Any yet why continue to envy men and women who possess a vigorous, healthy physical condition and an attractive, magnetic personality? Poor health and lack of vitality are often merely the result of impoverished blood.

Gude's Pepto-Mangan is for people whose bodies suffer from lack of proper blood nourishment. Pepto-Mangan enriches the blood and increases the number of healthy red blood cells, which are so necessary to carry the proper nourishment, vigor and strength to every part of the body.

Physicians introduced Gude's Pepto-Mangan to the public because they knew that it contained the very properties that are so sorely needed to build up thin, watery blood. For your convenience Pepto-Mangan is prepared in two forms, liquid and tablet. Both contain exactly the same medicinal value.

Insist on the genuine Pepto-Mangan. To be sure you are buying the genuine Pepto-Mangan, ask your druggist for "Gude's." And be sure the name "Gude's" is on the package. (adv)

The City vs. the Country. The city is a place where people must dwell—the country a place where people may live.—Exchange.

Public Auction

Bourbon Co. Farm

We, as agents for Miss Ida Arkle, will sell her farm of 3 acres located on the Bethlehem pike, about three-fourths mile from Paris, on the Interurban line, on

Thursday, Jan. 8, 1920

at 10:30 a. m. without reserve or by-bid. The improvements consist of a 5-room house, newly built, with front and back porch. It has a stable and all necessary out-buildings in excellent repair, also a small orchard. This land is all good tobacco land.

TO BE SOLD RAIN OR SHINE. TERMS—Easy and made known on day of sale.

HARRIS & SPEAKES. Geo. D. Speakes, Auctioneer. (2-21) L. D. Harris, Mgr.

Public Renting

Bourbon County Farm.

Because of the failure to comply with the rental terms, the farm of Miss Letitia Clay, will again be publicly offered at the Court House door, in Paris, Ky., on

Saturday, Jan. 10, 1920

at 11 o'clock a. m., for the year beginning March 1, 1920. Said farm is located on the Winchester pike, 5 miles from Paris, and contains 301.4 acres to be cultivated as follows: 15 acres in tobacco; 103.67 acres in corn; 40.82 acres to remain in timothy; 24.21 acres to be sowed in timothy and clover; 27.81 acres to be sowed in clover and blue grass, and 89.89 acres to remain in blue grass. Said farm will be well watered—a concrete pool in addition is to be built in the spring.

The farm contains a two-story frame residence with eight rooms, kitchen, enclosed back porch, with cistern, bath rooms, cellar, furnace, a three-room cabin, a five-acre tobacco barn, with horse stalls, corn crib and necessary outbuildings. A tenant house with four rooms and kitchen and a ten-acre tobacco barn are to be built in the spring.

Right is reserved to reject any or all bids.

TERMS—Two negotiable notes for equal parts of the rental price, payable on September 1, 1920, and March 1, 1921, respectively, bearing interest from maturity. H. C. HOWARD, Agent. Geo. D. Speakes, Auctioneer. (jan2-6-9)

STATE DEBT REDUCED TO LESS THAN \$2,000,000.

FRANKFORT, KY., Jan. 5.—When the Republicans went into office today they found that the State's debt had been reduced to less than two million dollars. The outstanding indebtedness of the State at the beginning of business Thursday amounted to \$2,339,591.33, but included in this amount are warrants which have been called in for payment and when cancelled will leave an outstanding indebtedness of approximately \$1,800,000.

During the month of December the State Treasurer has called in for pay-

ment outstanding warrants amounting to more than three million dollars. The first of December the outstanding indebtedness amounted to \$5,355,483.62 which shows that during the month a \$3,015,892.29 debt was cancelled.

The amounts in the different funds of the State Government at the beginning of business Thursday follows: General expense fund \$191,321.05; school fund \$805,933.06; sinking fund \$6,042.12; State University fund \$195,591.24; State Road fund \$1,258.98; Western Normal School \$69,853.98; Western Normal School same amount; balance in Treasury \$1,339,854.32.

TO THE DYSPEPTIC.

Would you not like to feel that your stomach troubles are over, that you can eat any kind of food that you crave? Consider then the fact that Chamberlain's Tablets have cured others—why not you. There are many who have been restored to health by taking these tablets and can now eat any kind of food that they crave.

FOOD ADMINISTRATION PROSECUTE SUGAR PROFITERS

NEW YORK, Jan. 5.—Food Administrator Williams announced that dealers who retailed sugar of the new Cuban crop for more than twenty cents a pound would be prosecuted by his office.

Those selling sugar of the old crop must adhere to the retail rate of 11 cents a pound, fixed by the government.

Dealers selling sugar at 20 cents will be compelled to show bills of sale to them to establish that the sugar is in reality the new crop and not the old, Mr. Williams explained.

"SYRUP OF FIGS" IS LAXATIVE FOR CHILD

Look At Tongue! Remove Poisons From Stomach, Liver and Bowels

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruit taste. Full directions for child's dose on each bottle. Give it without fear.

Mother! You must say "California."

"Cures" for Rheumatism.

Rheumatism is perhaps a disease which affects more people on this earth than any other complaint, and the writer agrees that a sample is ample! But the number of recommended "cures" embracing the common Glauber's salts and the costliest drug, still seem to leave some sufferers to the annoying ache, a writer in London Answers states.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

Many Prominent Men Come Out For Tanlac

MAYORS, JUDGES, BANKERS, LAWYERS, DOCTORS, EDITORS, AND MINISTERS INDORSE IT

FEEL IT THEIR DUTY TO TALK

They Come Forward and Unhesitatingly Tell Suffering Humanity What Celebrated Medicine Has Done For Them

It is seldom, indeed, that men of prominence, especially men holding high public office, willingly express their indebtedness publicly to a proprietary medicine. Many prominent men, however, including supreme court judges, mayors of our leading cities, prominent State and county officials, bankers, lawyers, doctors, editors, leading educators, government officials and even ministers of the Gospel, have deemed it their duty to come forward and tell the people what Tanlac has done for them.

These well-known men of affairs have recognized in this medicine a new discovery and a scientific triumph in the medical world. It is a well-known fact that these splendid indorsements have been given Tanlac time and again and they will continue to be given just as often as new tests of its powers are made; and it also explains why numbers of the big drug firms of the country are ordering it exclusively in carload lots.

Doctor Prescribes It.

Dr. J. T. Edwards, of Fayetteville, Ga., one of the best-known members of the medical profession in the State of Georgia, makes a statement that will undoubtedly produce a profound impression throughout the country.

"In my thirty years of actual practice as a licensed physician in the State of Georgia," says Dr. Edwards, "I have never seen anything to equal Tanlac as a medicine to produce results. I have no hesitancy in recommending this medicine and I am prescribing it for my patients almost every day."

Noted Texan Talks

Hon. Archie R. Anderson, ex-Sheriff of Harris County, Texas, is unquestionably not only one of the best-known, but one of the most popular men that ever held office in Texas. He served the people in this important office for 15 consecutive years.

"I had the worst form of indigestion, suffered all the time from gas on my stomach and was continually belching up undigested food," said Mr. Anderson. "I suffered with neuralgic pains of the worst sort and nothing seemed to help me except in a temporary way."

"I began to feel better after taking my first bottle of Tanlac and have just now started on my third. I'm a different man already."

H. W. Hill, president of one of the leading banking institutions of South Pittsburg, Tenn., and one of the most successful bankers and business men in Tennessee, said:

"I suffered from rheumatism and other ailments for many years and Tanlac has done me more good than anything I ever tried. I now wake up in the morning feeling fine."

"I'm telling all my friends about Tanlac and am recommending it to them, regardless of their age and trouble."

Dr. G. W. De LaPerriere, of Winder, Ga., is not only one of the best-known physicians and druggists in the State of Georgia, but is also a man of extensive property and wide

FORMER MAYOR RECOMMENDS IT

HON. FRANK V. EVANS, OF BIRMINGHAM, ALA., MAKES STRONG STATEMENT

One of the latest additions to the large and rapidly growing list of prominent men who have publicly indorsed Tanlac for the good it has done them, is the name of Hon. Frank V. Evans, former Mayor of Birmingham. Mr. Evans is one of the best known men in public life in Alabama to-day, being at one time editor of one of the South's greatest newspapers, the Birmingham Age-Herald. He was also examiner of public accounts of Alabama. In telling of the benefits he had derived from Tanlac, Mr. Evans said:

"For years I suffered with gastritis and indigestion in the worst form. I was habitually constipated and had pains in my shoulders and headache continually. My appetite left me almost entirely and everything I would eat hurt me. Finally I got to having awful attacks of acute indigestion, palpitation of the heart and smothering spells. For a long time I would have one or more of these spells every night and I would awake out of my restless sleep gasping for breath."

"I bought a bottle of Tanlac and to my surprise and gratification I began to feel relief after the first few doses. I kept taking the medicine and now my recovery is simply the talk of Birmingham."

influence, ranking as one of the leading citizens of that entire section. He has been in the drug business in Winder for 25 years.

Recently Dr. De LaPerriere wrote: "Our people are much enthused over the beneficial effects of Tanlac and I desire to say that it is the most wonderful seller I ever had in this store."

Other prominent men who have indorsed Tanlac are:

Professor Elmer Morris, of Dover, Tenn.; Professor W. A. Wood, of the Central Graded Schools, Winder, Ga.; C. C. Cooper, president of the Georgia Home Cotton Oil Co., Lawrenceville, Ga.; Hon. S. S. Shepard, member of the Atlanta city council, Hon. George Samuel Riley, former Chief of Police in Macon, Ga.; Hon. C. G. Lavender, register of Williamson County, Tennessee; Dr. W. H. Brown, 4322 Charlotte avenue, Nashville, Tenn.; founder and president of the Tennessee Protestant Home for Girls, John F. Carroll, cotton mill superintendent, of Chattahoochee and Atlanta; Hon. B. F. Whittington, Judge of the Roanoke Court, South Omaha, Neb.; Geo. L. Bedford, Traffic Manager for the Gustin Bacon Manufacturing Co., Kansas City; Mr. James Taylor, Illinois State Mine and Mineral Inspector, residing at Peoria; Rev. W. C. Norton, pastor of the Wesley Memorial Church of Jacksonville, Fla.; Rev. E. G. Butler, pastor Central Baptist Church, of Muskogee, Okla.; Hon. R. W. Damon, attorney of Tacoma, Wash.; Hon. C. W. Mangum, of Atlanta, for three terms sheriff of Fulton County, Ga.; Rev. J. H. Dunn, pastor of the Church of Christ, Spokane, Wash.; Judge G. W. Kyser, 1294 W. Ninth Street, Austin, Texas, and hundreds of others in every part of the country.

Tanlac is sold in Paris by the Peoples' Pharmacy.

MAX BLOOM IN "MY SWEETIE"

That which promises to be one of the notable events of the season, will take place at the Grand Opera House on Friday, January 9th, when Boyle Woolfolk will present his latest and best effort, the intimate musical revue, "My Sweetie."

"My Sweetie," which will have the popular comedian, Max Bloom, ("That's My Horse") in the principal comedy role, has been characterized as possessing distinct originality, applying alike to book, music, scenic effects and costumes. This production is said to differ from most so-called musical revues in that it takes as material for travesty, not simply theatrical hits of recent months, but many events of current interest in world history and the most blasé theatre-goer must concede that "My Sweetie" is distinctive, is different, it has all the sparkle and brilliancy of book, lyrics and music that could be desired by the most exacting patron of this type of entertainment, and something besides, that may be described as "class." There is everything in "My Sweetie" to make it popular—it has a tinkling score, is tastefully costumed, daintily mounted and calculated to appeal to the most discriminating audiences. The cast surrounding Mr. Bloom is one of unusual excellence and the large chorus is composed of young ladies, who not only sing and dance, but are most pleasing to the eye. Among the twenty or so musical numbers may be mentioned, "The Oliver Twist," "Chicken Duett," "Different Ways of Making Love," "Some One," "Dinah," "Loving Time in Lapland" and "Nobody's Baby."

OIL INDUSTRY IN
KENTUCKY SHOWS
BIG BOOM IN 1919

1,000,000 Barrels a Month Now Produced in All Fields of State

OUTLOOK VERY BRIGHT

Operators Certain New Year Will Bring Greater Progress

With 932 rigs operating in the Kentucky fields, 2,846 completions in 1919, approximately 5,000 active operators engaged in oil development, and an approximate output of 1,000,000 barrels a month, the oil industry of Kentucky has rapidly grown from one shallow well in the Irvine field to thousands of wells pouring out oil to the pipe lines of twenty-one common carriers in Kentucky fields.

The fact that approximately one million barrels of oil are produced in Kentucky monthly, represents a \$3,250,000 income to the State monthly, with indications for a bigger production for 1920.

The development of five new fields in Kentucky within ten months of 1919 and the discovery of a large gas field in Eastern Kentucky are features of activities of oil operators in Kentucky.

At the beginning of the 1919 development, the Big Sinking pool in Lee county in Eastern Kentucky, was recognized as the most productive field in Kentucky. Within six months a second pool in Lee county known as the Hell Creek section was leased up with immediate development and this pool is recognized as one of the best in the State.

The development of the Allen-Barren-Warren section in Southern Kentucky with the counties immediately adjoining, followed, and active development of the pool has resulted in heavy production with many companies in the field. The success of this pool verifies the predictions made that the southwestern part of the State would prove valuable as an oil-producing section.

The completion of a 2,000 barrel well, credited as the largest well east of the Mississippi, completed in October, 1919, was made by the Curry Oil Company. This section has attracted thousands of operators from the North and East, particularly capitalists who are interested in the continued development of the field.

Lineman's Creek Pool

The development of the Lineman's Creek Pool in Lee County, slightly off Big Sinking pool, is rated next in importance of production and future prospects. This section attracted the attention of oil men, when the Middle Fork Petroleum Company completed an initial test well on the Bowman tract on Lineman's Creek which flowed 300 barrels steady production. Further drilling on this and adjoining tracts has resulted in numerous wells of good production.

The Menifee county pool, opened up in 1919, with structure similar to the Big Sinking pool, has become another productive section with prospects for steady output. One operator who visited the Menifee pool tersely described it as a "real oil pool," stating that wells with steady production of high grade crude oils were veritable "gold mines."

Lawrence, Johnson, Magoffin and Floyd counties are coming into the limelight as oil producers and expert geologists state smaller pools will be developed here which will greatly increase the total output in Kentucky.

The discovery of the large gas field in Breathitt county with the completion of several gas wells estimated at 20,000,000 cubic feet has placed the State forward in the gas production, and has made cities supplied with natural gas from the fields, independent of foreign gas production. The further development of this gas field with proper facilities for gas transportation will be made in 1920.

Big Increase Shown.

An increase of 5,964,160 barrels over the production of 1918 is noted in the completed runs of the pipe lines from the Kentucky fields in the first ten months of 1919.

In January 545,059.56 barrels of crude oil were run from the wells in the Kentucky fields. In October, 769,679.93 barrels, or an increase of over 200,000 barrels were reported by the twenty-one common carriers operating pipe lines in the fields.

A total of 7,773,812.29 barrels for the first ten months of 1919 compares favorably with 4,035,950 barrels run from the fields in the previous year. In 1883, there was a total production of 4,755 barrels from the fields which fell to 322 barrels in 1897.

The million barrel production was reached in 1905 when 1,217,337 barrels were taken from the wells drilled that year in counties in the eastern section. This production gradually increased to the present

ent high figures with predictions for bigger production in 1920.

Approximately seventy-five counties in Kentucky have become the scenes of active drilling with test wells going down in many more. Active drilling within twenty miles of Lexington, in the heart of the Blue Grass has been noted in Jessamine county where a test well is now being drilled. Eight thousand acres of land have been leased in Shelby county, thirty miles west of Fayette, for oil development, approximately thirty are rated as first class oil-producing territories with the best production found in Estill, Powell, Jackson, Breathitt, Lee, Wolfe, Morgan, Magoffin, Johnson, Lawrence, Floyd, Carter, Menifee, Lincoln, Wayne, Allen, Warren, Barren and Knox.

Wells Long Lived

Reports from the fields show the wells in both the eastern and western pools of the State, unusually shallow, many of them striking oil at 500 feet, are long-lived with oil production extending for years. The famous Campton wells in Wolfe county drilled in 17 years ago are still pumping. One well completed in 1903 is still running 8 barrels of oil daily with indications of continued production. The whole Eastern Kentucky field has been declared favorably long-lived by expert geologists.

The development of new fields in Kentucky which are rapidly becoming recognized as heavy producers will feature activities for 1920. The unprecedented increase in price of crude oils in 1919, due to decreased production from other fields throughout the United States and to the marked decrease of approximately 750,000 barrels daily in Mexican production, will mean more extensive drilling in the Kentucky fields, famous for a superior grade of crude oil, known as the Somerset which is ranking fourth in high grade oils.

The recent increase of 25 cents a barrel declared Monday, December 22, by the oil markets, marked the fourth increase in 1919, and will mean an additional \$250,000 increase in monthly returns to 1,500 oil companies operating in Kentucky.

Thomas M. Owsley, manager of the Kentucky Oil Exchange, who has made an extensive study of the oil development of Kentucky, said the increase of crude oils will mean an extensive drilling campaign in the Kentucky fields for 1920, as many operators will see the advantages of drilling for high priced crude oil in shallow wells.

Mr. Owsley has predicted the Somerset grade will sell for \$3.50 within six months. The developments of Morgan, Menifee and Magoffin counties in the eastern fields will feature the work in that pool in the opinion of Mr. Owsley.

The decrease of 750,000 barrels daily in Mexican production with corresponding increase of Somerset crude oil, will mean extensive drilling in Kentucky fields for 1920, stated E. E. Loomis, secretary of the Kentucky Oil Men's Association.

Mr. Loomis believes many new fields will be opened since operators will realize the advantage of drilling 3-barrel wells producing \$3 oil than 40 barrel-wells producing 40 cent oil. Mr. Loomis, in his annual report to the Kentucky Oil Men's Association, stated business for 1919 had gone beyond expectations of the most sanguine, and that still greater business lies ahead in the present year, 1920. The co-operation of oil operators throughout the State to encourage greater development will do much in improving the present conditions of the oil industry, he said.

The erection of a large oil refinery on the Old Frankfort Pike near the city limits of Lexington will mean the addition of another industry to Lexington's commercial interest. This refinery, constructed by the Great Southern Refining Company, which has acquired miles of pipe lines in the Eastern Kentucky field, will be completed in the early winter and be ready for the refining of crude oils.

The oil will be transported by barges from the fields to Boonesboro on the Kentucky river and from there piped to the refinery, which will increase the industry in the eastern field.—Lexington Herald, January-1, 1920.

Bourbon Oil and Co-operating Land & Development Co., and Mutual Oil & Refining Co. are heavily interested in oil lands and properties in all the Kentucky fields covered by the above report. These companies are doing considerable development in the various fields and their production is increasing daily. Their stocks are steadily advancing in price, and an investment in the stock of either of these companies at its present price will return a handsome profit in a short time.

The Bourbon Oil and Co-operating Land & Development Co. are planning an extensive drilling campaign for the year 1920, and the Mutual Oil & Refining Co. is planning to build a large refinery at Lexington, Ky., to handle the production of sure the Mutual Co. a supply of sure the Mutual Co. of a supply of crude oil for refining purposes.

Miles Polindexter's first name just about describes his remoteness from the Presidential nomination.

RELIGIOUS.

—The congregation of the Paris Presbyterian church recently elected four new deacons, as follows. A. B. Hancock, Omar Lytle, M. F. Kenney and Garrett Jefferson.

—The January meeting of the C. W. B. M. of the Christian Church was held in the church parlors Friday afternoon, at 2:30 o'clock, Mrs. J. Walter Payne, presiding. The program was furnished by the group in charge of Mrs. Harry Baldwin. The subject for the meeting was "India;" Miss Reba Lockhart told in a charming way three stories of life in India. The musical program was rendered by Mrs. E. H. Foster, Miss Esther Boatright, Mrs. Robin Horton, and Miss Nancy Young. The devotion was led by Mrs. J. W. Hayden. After the meeting coffee and sandwiches was served by the group in charge of Mrs. Baldwin.

—Services at the Central Christian Church, in Lexington, Sunday, were given over to the honor of Dr. J. J. Spencer, father of Mrs. Wm. B. Ardery, of Paris, who has been pastor for 25 years. Large crowds at both the morning and evening services gathered to do honor to the minister who has been pastor at a Lexington church longer than any of his contemporaries.

At the evening services, as a token of appreciation of his long and successful service, Dr. Spencer was presented with a silver service set, Charles N. Manning making the presentation on behalf of the Central Church congregation. The congregation of the Broadway Christian Church, which held no usual Sunday night services on account of the occasion, was present.

AUTO CLIMBS POLE.

All kinds of jokes have been written and spoken of and hurled against the Ford automobile, some of them ludicrous and all good advertising. They have been accused of all kinds of stunts. One of the tribe, the owner and occupants unknown at the present writing, tried in vain yesterday morning to climb a telephone pole on the Georgetown pike, near Paris. Result, a demolished machine, and a telephone pole that will have to be replaced with a new one. The driver of the auto apparently lost control of the steering gear, and the car, swerving from road, crashed into the telephone pole. Although the car and pole were both smashed the driver luckily escaped injury.

INTERESTING OIL NOTES

The Mutual Oil and Refining Company of Paris and Lexington, has made a contract with Cable and Wiseman, of Torrent, for the drilling of two wells on its Cox-Bally lease in Wolfe county. This lease contains approximately 243 acres and is considered one of the best located leases in that territory.

The Bourbon Oil and Development Company and the Co-operating Land and Development Company, of Paris, have taken over from the Lincoln Oil and Gas Company an additional 50 acres of the Mille Freeman lease in Estill county, and have closed a contract with I. J. Engle, of Lexington, to drill two wells on this property at once.

FUNERAL STATISTICS

During the year 1914 the Geo. W. Davis undertaking establishment, of this city, officiated at 154 funerals. During the preceding year, 1913, they officiated at 155 funerals, which included a large number of victims of the influenza epidemic, which was prevalent at that time.

TO CONDUCT INSTITUTE.

Prof. Lee Kirkpatrick, Superintendent of the Paris Schools, will conduct the joint teachers' institute of the counties of Jessamine and Woodford, to be held in Nicholasville during the coming summer. Prof. Kirkpatrick received an official notice from Frankfort of his appointment as instructor for the meeting.

STRANGE THINGS HAPPEN

A black snake about two feet in length was killed in front of the entrance to the Massie Memorial Hospital recently by a visitor who was coming from the institution. His snakeship had evidently made a mistake in his date and emerged from his hibernation camp just a trifle of a few months ahead of time. As it was a time for making New Year resolutions, the snake probably came out to see if any Paris users of "substitutes" had been taken to the Hospital.

PARIS MAN ADDRESSES CREDIT MEN.

At the meeting of the Lexington Credit Men's Association, held at the Phoenix Hotel in that city yesterday, Mr. Henry A. Power, of Paris, president of the organization, delivered an address on the subject of "Co-operation." Mr. Power is president of the Power Wholesale Grocery Co., of this city. Dinner was served at 6:30 last night for members of the Association, which is composed of wholesalers, jobbers and manufacturers of Central Kentucky. Mr. J. H. Tregor, of Chicago, Secretary of the National Association, made the principal address of the evening.

NOTICE TO GAS AND ELECTRIC CONSUMERS.

Your gas and electric bills are now due and Saturday is the last day that you can pay them and save your discount. If you mail your check be sure and have it in the postoffice on or before the 10th of the month for the envelope must not be post marked later than that date or it will be returned to you. We can not make any exception to this rule.

C. L. STEENBERGEN,
(6-21) Manager.

LOST DIAMOND RING RESTORED TO OWNER.

Some days ago a handsome and valuable solitaire diamond ring belonging to Miss Carolyn Roseberry was reported as lost, strayed or stolen. Miss Roseberry advertised her loss in several issues of THE NEWS, in hopes that the advertisement would attract the attention of someone lucky enough to know something about the missing article. Last Saturday morning the ring was found attached to a string, hanging on the doornob of the front door at the Roseberry home. There was nothing to indicate how it had reached there, but it was there, that was sufficient for Miss Roseberry, whose joy over the return of her prized possession was unbounded. In the terms of her advertisement, "no questions were asked" of the finder, whose identity is as yet a mystery. So, it is again proven that it pays to advertise—in THE NEWS.

BOURBON SCHOOLS REOPEN.

The white and colored schools of Paris and Bourbon county, after a holiday interval from December 23, reopened yesterday for the 1920 work. It was a hard jolt for the kiddies and High School pupils to drop the holiday gayeties and relaxations and resume books and studies again. But they responded quite cheerfully, and despite the zero weather, the attendance was unusually good.

Several changes have been made in the personnel of the county school teachers. Miss Anna Nolin, of Richmond, succeeds Miss Virginia Darnaby as teacher of the Clintonville school, Miss Darnaby having resigned. Miss Jennie Thompson, of Winchester, succeeds Miss Annie Clay, resigned, as teacher at the Houston School. The McVaine school did not reopen, owing to the fact that no one living within 3 1/2 miles of the school will board the teacher.

SOCIAL AND PERSONAL.

Comings and Goings of Our People Here, There and Elsewhere.

—Mrs. J. T. Farmer and Mrs. O. T. Tapp have returned from a visit to Mrs. G. T. Best, at Silver Grove, Ky.

—Miss Grace Taylor has returned to her home in Cynthiana after a visit to Miss Hazel Brewsbaugh, in this city.

—Miss Ella Louise Keal has returned from a visit of several weeks to Miss Emma Louise Burley, in Detroit, Michigan.

—Dr. Herbert Beattie has returned to his home in Tulsa, Oklahoma, after spending the holidays in this city with relatives.

—Mrs. Anna Riddle has returned to her home, in East Paris, after a pleasant visit to her son, Mr. Claude Riddle, of Poindexter.

—Miss Grace Browning has returned to her home in Falmouth, after a pleasant visit to Miss Maude Taylor, in East Paris.

—Mr. and Mrs. Jesse T. Alexander, of Cynthiana, formerly of Paris, were guests last week of friends and relatives in Paris.

—Miss Minnie Crandall has returned from Carlisle, where she has been nursing Mr. Edward Collins, who is greatly improved.

—Mrs. Birdie Clay Webb and Miss Susie Clay have returned to their homes near Paris, after a visit to Miss Gertrude Terry, in Cynthiana.

—Mr. and Mrs. Robert Meteer and Mrs. E. P. Claybrook will leave January 10, for Ft. Myers, Florida, to spend the remainder of the winter.

—Miss Maria Tipton, who has been a patient at the Petree Sanitarium, on Vine street, has recovered sufficiently to return to her home.

—Misses Alice and Louise Wilson have returned to their home in Lexington after a visit to their uncle, Mr. H. C. Wilson, on Pleasant street.

—Mr. and Mrs. Charles N. Fithian have returned to their home in this city after a visit to their son, Edward Fithian, and Mrs. Fithian, in Louisville.

—Mr. and Mrs. W. J. Kenton and family will move this week from Carlisle to Paris to reside in the future. Mr. Kenton is engaged in the tobacco business.

—Miss Louise Berry who has been a guest of Miss Irene Bramblett, has returned to her home in Cynthiana, accompanied by Miss Bramblett, who will be her guest.

—Mrs. John Fitzwater has returned to her home in Cynthiana after a visit to her son, Leonard, who is a patient at the Massie Memorial Hospital, in this city.

—Miss Juliet Turner, who has been spending the holidays with her mother, Mrs. Edward Turner, and family, has returned to Washington, D. C., to resume her studies at the Colonial College.

—Mrs. Amos Turney, Jr., will entertain this afternoon at her home near Paris, in honor of Mrs. Edith Myall Daniel, who is to be married this month to Mr. Irvine Morse Keller, of New York.

—Miss Vernita Baldwin has returned to Randolph - Macon College, at Lynchburg, Virginia, after spending the holidays in this city with her parents, Mr. and Mrs. Harry Baldwin.

—Mrs. Samuel Woolridge and Mrs. Wingate have returned to their homes in Versailles after a visit to their aunt, Miss Eva Wasson, who is a patient at the Petree Sanitarium, on Vine street.

—Mrs. May Stoner Clay, who was a guest during the holidays of her daughter, Mrs. Hiram Roseberry, has returned to Lansing, Mich., where she has resumed her duties as social directress of the University of Michigan.

—Mrs. Powell Bosworth will entertain to-morrow with a luncheon at her home in Mentelle Park, Lexington, in compliment to Mrs. Edith Myall Daniel, of Paris, and Mrs. Dwight Watson, of Anderson, Ohio, guest of Mr. and Mrs. Virgil Gaitskill.

—Miss Maude Taylor has returned to Falmouth to resume her duties as a member of the High School faculty there, after spending the holidays in this city with her father, J. E. Taylor, and family, in East Paris. Miss Taylor was accompanied by her guest, Miss Grace Browning, of Falmouth, who spent the holidays here with her.

—Mrs. Anna R. Howe, of Carlisle, grand mother of Julian Howe, of Paris, recently celebrated her eighty-fourth birthday with a family dining at her home in Carlisle. Only the members of the family were present. Mrs. Howe prepared and served the dinner herself. Mrs. Howe is one of the best-beloved women of Carlisle. Her unusual activity for one of her age is remarkable, and she is often referred to as the youngest and oldest member of the Presbyterian church.

—Mr. and Mrs. J. G. Redmon entertained Saturday at their home near Paris with a family dining, which was one of the most enjoyable events of the season. The menu was an elaborate one, and served in the old-fashioned style that used to make Bourbon county homes famous for their hospitality. Those present were: Mr. and Mrs. Redmon, Mr. and Mrs. George W. Redmon, Mr. and Mrs. Charles Green and three children, Mr. and Mrs. James Arkle and daughter, Miss

Nannette Arkle and Miss Louise Collier.

—Miss Corilla Eberhardt has returned to her home in Georgetown after a visit to relatives in this city and county.

—Mrs. I. L. Price has returned from a months' visit to her daughter, Mrs. C. A. Teller, and Mr. Teller, in Chicago.

—Mrs. Price and daughter, of Detroit, Mich., are guests of the former's sister, Mrs. Edward Tucker, at their home on High street.

—Mr. and Mrs. Harry Stivers have returned to their home in Chattanooga, Tenn., after a visit to relatives in this city, Lexington and Georgetown.

—Mrs. H. L. Myers, who was called here by the death of Elmer Myers, has returned to her home in El Dorado, Ill. Dr. Myers will remain for a longer visit.

—Sergt. A. M. Thomas and bride, formerly Miss May Connor, of Middletown, Ohio, have returned to Fort Thomas, after spending the holidays in this city with Mr. and Mrs. Charles Sauer, of West Seventh street.

—Miss Emma Louise Collins entertained at the home of her parents, Mr. and Mrs. John T. Collins, at Broadway and High, Friday evening with a dance. About sixty young people enjoyed the pleasures of the evening.

—Mrs. Edwin Wickliffe and Miss Ophelia Chiles, of Lexington, Mr. and Mrs. Noah Spears, of Akron, Ohio, and Misses Marcella and Arris Chiles, of Mt. Sterling, have returned to their respective homes after a visit to relatives in this city.

—Mr. and Mrs. Virgil Gaitskill entertained the Evening Bridge Club at their country home near Paris, Friday, in honor of Mrs. Dwight Watson, of Anderson, Ohio. An elaborate dinner was served at six o'clock, after which the guests played a number of games of bridge.

—The tobacco buyers on the Paris market were guests Saturday at a dining given at the Maple Lawn Stock Farm, on the Jacksontown pike, by Julian G. Rogers and J. M. Alverson. The guests for the occasion were: A. L. Glasgow, Earl Curtis, E. W. Glass, Harry Drake, S. K. Nichols, J. M. Sturgeon, William Jones, John T. Collins, Chas. C. Clarke, Ed. Burke, Jeff Denton, Howard Judy, Oliver Clay, Omar Gray, Ben Woodford, William Allen, Julian Frank, Louis R. Rogers and Brooks Woodford.

(Other Persons on Page 3.)

JANUARY COURT DAY.

January Court Day was a slimly-attended affair in this city yesterday. The cold weather cut down the attendance, although the farmers had not much to do in the way of work on their places. There was no stock on the market, and the traders were very conspicuous by their absence. Farmers gathered around the warm places in stores and discussed the high prices of tobacco and the prospects for the future. Merchants did little business and collected a little money due on accounts, but that was about all that was done.

CENSUS ENUMERATORS AT WORK OVER COUNTRY

WASHINGTON, Jan. 5.—An army of 85,000 enumerators commenced promptly at 9 o'clock Friday the work of counting the men, women and children of the United States and of collecting certain information about resources of the country. Figures showing the total population probably will not be available, however, until the end of April.

The county is expected to show a population of from 107,000,000 to 112,000,000, as compared with 93,000,000 in 1910. Cards will be collected by 372 supervisors and forwarded to headquarters here, where 4,000 clerks will be engaged in the tabulation work. Officials expect to be able to make a preliminary estimate of the population of the larger cities by the middle of March, but return for the country districts will not be completed until later.

This, the fourteenth decennial census, is the first to be taken during the winter months. While severe weather may be a handicap in some sections, the change was made in order that the enumeration might be completed before the election primaries of the summer season. For the first time also women have been employed as supervisors. The maximum allowed by law is four cents per person, with a higher rate for the enumerators of farm hands. Congress appropriated \$22,000,000 for the work.

GIRLS! A MASS

OF WAVY, GLEAMY
BEAUTIFUL HAIR

Let "Danderine" save and glorify your hair

In a few moments you can transform your plain, dull, flat hair. You can have it abundant, soft, glossy and full of life. Just get at any drug or toilet counter a small bottle of "Danderine" for a few cents. Then moisten a soft cloth with the Danderine and draw this through your hair taking one small strand at a time. Instantly, yes, immediately, you have doubled the beauty of your hair. It will be a mass, so soft, lustrous, fluffy and so easy to do up. All dust, dirt and excessive oil is removed.

Let Danderine put more life, color, vigor and brightness in your hair. This stimulating tonic will freshen your scalp, check dandruff and falling hair, and help your hair to grow long, thick, strong and beautiful. (adv)

The trouble seems to be that a majority of the Senators think about as much of the President as he does of them.

THE BEST COUGH MEDICINE.

When a druggist finds that his customers all speak of a certain preparation, he forms a good opinion of it and when in need of such a medicine is almost certain to use it himself and in his family. This is why so many druggists use and recommend Chamberlain's Cough Remedy. J. B. Jones, a well known druggist of Auburn, Ky., says, "I have used Chamberlain's Cough Remedy in my family for the past seven years, and have found it to be the best cough medicine I have ever known." (adv-jan)

No one shall take them from me—

I love my pipe and good old Velvet—

My comforters in adversity, my wise counselors when problems vex.

Companions of my loneliness and sharers of my happy hours.

Their friendliness has made me feel more kindly toward my fellow men.

They have made this old world a better place to live in.

I love my pipe and good old Velvet;
no one shall take them from me.

WILLING TO SUCCEED WOODROW AS PRESIDENT.

PIERRE, S. D., Jan. 5.—Major General Leonard Wood filed a formal announcement of his candidacy for the Republican presidential nomination with the South Dakota Secretary of State.

Wood, Senator Hiram W. Johnson, of California; Governor Frank O. Lowden, of Illinois, and Senator Miles Poindexter, of Washington, are avowed candidates for party endorsement at the March primary.

The Democratic state convention endorsed President Wilson for a third time "if he decides to become a candidate."

No communication has been received from the President. James W. Garard, Germany, filed his petition as an independent candidate for the Democratic endorsement.

Governor Lynn J. Frazier, of North Dakota, who was endorsed for president by the Non-Partisan League state convention December 2, has filed a notice of acceptance.

The formal announcement from General Wood accepting the endorsement of the Republican state convention of December 2, came on the last day that candidates for presidential endorsement may file their acceptances. The Wood communication was expected, however, as

semi-official information was received last week from Republican headquarters in Chicago that Wood would be a candidate.

DON'T YOU FORGET IT.

Bear in mind that Chamberlain's Tablets not only move the bowels but improve the appetite and strengthen the digestion. They contain no pepsin or other digestive ferment but strengthen the stomach and enable it to perform its functions naturally. (adv-jan)

Potosi, Bolivia, 13,000 feet above sea level, is the most elevated city of the world.

NO GREAT ACT OF HEROISM REQUIRED.

If some great act of heroism was necessary to protect a child from croup, no mother would hesitate to protect her offspring, but when it is only necessary to keep at hand a bottle of Chamberlain's Cough Remedy and give it as soon as the first indication of croup appears, there the many who neglect it. Chamberlain's Cough Remedy is within the reach of all and is prompt and effectual. (adv-jan)

Prompt Pay Promotes Efficiency

¶ Commence the NEW YEAR by paying your bills promptly.

¶ Not only does this facilitate matters, but it means better service to you—no matter whether it is telephone service or any other service—because the time consumed by employees in rounding up collections should be spent improving the service for which the bill is made.

"RESULTS MORE THAN CLAIMED"So testifies Mr. J. F. ARENDT,
Box 44, Remlig, Texas**PE-RU-NA**
THE REMEDY FOR EVERYDAY ILLS

"I have used Pe-ru-na for years in cases of colds and catarrh. The results have been good, in fact, more than you claimed. Have also taken Lacupia and can easily say it is one of the best blood purifiers I have ever used."

Mr. J. F. Arendt

For Catarrh and Catarrhal Conditions

The evidence of one man like Mr. Arendt is more convincing proof to you of the merits of Pe-ru-na than any written words of ours. For fifty years Pe-ru-na has been the standby of the American family for diseases due to catarrhal inflammation of the mucous membranes lining the organs of the body. Thousands, like Mr. Arendt, have proved the effectiveness of Pe-ru-na for coughs, colds, nasal catarrh, stomach, bowel and liver disorders or any disease characterized by a catarrhal condition. If your suffering is the result of a catarrhal disorder try Pe-ru-na. It is a true, tried medicine.

Sold Everywhere**Tablets or Liquid**

Ninety-Seven per cent. of the people have catarrh in some form.

AMERICAN HORSES
MAKE BAD SHOWING

GREAT WAR FOUND US POORLY
PREPARED IN ARTILLERY
ANIMALS.

QUALITY OF BLOOD COUNTS

French Army Furnished the Thorough-
breds that Enabled Our Guns to
Stop Ludendorff's Drive Toward
Paris and Victory.

It, after seventy-five years of exhaustive and convincing experimentation, a work that had cost the great military powers of Continental Europe—Russia, Austria, Hungary, the German Empire, France and Italy—in the aggregate a matter of \$400,000,000 or \$500,000,000, additional proof of the superlative value of thoroughbred blood in the military horse and the comparative worthlessness of cold-blood that proof was supplied by the experience of the Second Division of the American Expeditionary Force in the summer of 1918. The Second Division was the division in which the famous Marine Corps was brigaded. The Second was one of the best equipped of the American grand units as regards horsemanship. The cream of the remount service was in its artillery and transport departments.

In June, 1918, the Second Division was ordered from a quiet sector of the western front near Verdun to the western angle of the great Marne salient the German offensive of March to June had created in the French line. Foch had sensed the impending Ludendorff thrust that was to win Paris and a victorious peace, and he was assembling all his available soldiers to meet it. The carrying out of this order by the Second Division involved a march of less than 100 miles, 97 to be exact. Yet 80 per cent of the cold-blooded horses of the artillery brigade succumbed to the rigors of this more-date march without having come under gunfire. Upward of half the horses that dropped out of line were so completely done up they were unfit to be sent to base stations for recuperation with the ultimate object of returning to service.

The French divisions that accompanied the American divisions on this march lost no more than five per cent of their horses. But the French artillery, cavalry and transport horses were half and three-quarter breeds, the produce of a system of breeding that had been instituted by a far-sighted government sixty or seventy years before the outbreak of the great war.

Second Division Suffers.

Because of the collapse of its horse equipment and artillery brigade of the Second Division did not reach its objective until a day after the great struggle that was to terminate in the whining appeal of the German army for an armistice in October had begun. The Second Division fought the first day without artillery protection and suffered outrageously in consequence. The artillery brigade reached the zone of conflict late in the second day and was enabled to take part in the series of actions that completely deranged Ludendorff's ambitious plan of conquest and put the great German army on the defensive only because American remount officers were able to re-equip it from the surplus horse supply of the French army with half and three-quarter breeds. The French were in a position to furnish these indispensable animals because up to the beginning of March the war had been a war of position rather than a war of movement and no hard demand had been made on the artillery and cavalry horse reserves of the French army.

When the great war came to its unexpected finish the United States had under arms, at home and abroad, some 3,700,000 soldiers, of which 974,000 were infantry, 394,000 were engineers, 388,000 were field artillery, but only 23,000 were cavalry. The field artillery was horsed after a fashion. So was the engineer contingent. But the quality of the horses that served the field artillery and the engineer contingent generally was no better, if, indeed, it was as good, than was the quality of the horses that failed the artillery brigade of the Second Division in the march from Verdun to the Marne salient.

Our Cavalry Not There.

For such masses of infantry and artillery there should have been 250,000 to 350,000 cavalry, according to the most advanced military opinion in the United States and abroad. Yet only an insignificant fraction of the absurdly small mounted contingent of the gigantic military establishment of the United States of November 1st, 1918—the second, third, sixth and fifteenth cavalry regiments—was in France. Most of our 29,000 troopers were patrolling the Mexican frontier. Moreover only a moiety of the so-called American cavalry forces in France was mounted. At no time was it possible to completely horse the second, third, sixth and fifteenth regiments. The troopers of these regiments, when they were not serving with machine gun contingents, were guarding munitions and quartermaster's stores. This condition was due to the disgraceful fact that the United States had no suitable mounts for its cavalry. France and Great Britain, to insure prompt and effective co-operation by the American grand units in the great counter offensive of Foch might spare serviceable artillery horses of the half and three-quarter bred types because, as had already been pointed out, the struggle for civilization up to the beginning of 1918 on the western front had been for the most part a war of position rather than one of maneuver. Their reserves of artillery horses had not been exhausted. But neither France nor Great Britain felt disposed to equip with horses the cavalry of an army that should have entered the conflict with the best mounted and best equipped cavalry to be found on the planet.—Adv.

Wash Children's Clothes
With Powdered Soap.

"When Grandma Comes
the Dirt Must Fly"

Children are hard enough on clothes let alone rubbing them to pieces on a washboard. You don't have to rub with Grandma's Powdered Soap. No matter how dirty the children get their clothes, Grandma cleans them thoroughly with little effort. Takes the place of both Washing Powder and Bar Soap. Goes farther. Cheaper to use. Only a tablespoonful in the water then rich, foamy, radiant, cleansing suds, that just roll the dirt out. Baby clothes, children's play clothes, linens and lawns—Grandma cleans them all perfectly and easily.

BOURBON
Tobacco Warehouse Co.

(Incorporated)

Tobacco Received Any Time
3--Big, Light, Roomy Warehouses--3

☞ The Bourbon Tobacco Warehouse Company has sold for the season to date 1,394,575 pounds of tobacco for \$804,470.01, an average of \$57.68. Every basket sold included a very substantial lead over the Paris market.

☞ We have demonstrated our ability to sell your tobacco for the highest dollar. We have stood by the growers in keeping down the selling fees. Won't it pay you to make an effort to get in?

☞ Stand by the people who have stood by you and who sell your tobacco for its full market value.

MILLERSBURG

—Mr. S. C. Eason entertained a number of his friends Wednesday evening. They watched the old year out and the New Year in.

—Mrs. Turner Perry left Friday for her home at Owingsville, after spending the Christmas holidays with her mother and sister, Mrs. Adah McClintock and Miss Ruth McClintock.

—Misses Ruth McClintock and Alice Grimes entered on their duties as census enumerators, Friday. Miss McClintock has Precinct No. 1 and Miss Grimes No. 2. They are given a month to do their work in.

—Regular meeting of Amity Lodge, No. 40, F. & A. M., at 7:30 p. m. to-day. The newly-elected officers are to be installed, the appointive officers and committees named. All members urged to be present.

—Miss Anna J. McClintock left Friday to resume her duties in her school in Baltimore, Md., after spending the Christmas holidays with her mother and sister, Mrs. Ada McClintock, and Miss Ruth McClintock.

—The following have returned to their homes after spending the Christmas holidays with relatives here: Mr. W. M. Vimont to Maysville; Mrs. R. L. Buffington, to Columbus, O.; Dr. and Mrs. S. H. Crayton and son, Mr. Taylor Crayton, to Indianapolis, Ind.; Mrs. Emma T. Long, to Georgetown.

—The Presbyterian Sunday School elected officers for 1920: Superintendent, W. D. McIntyre; Secretary and Treasurer, A. T. Maffett. Most of the teachers were re-elected. In the Bible class Thomas Brown was elected presi-

dent, Thomas Thorn, Secretary and Treasurer, William Cleaver, Assistant Secretary, E. P. Thompson and G. S. Allen, Committee on Sick. Messrs. Fred Hill and Vimont Layson, Committee on Outlook. The class has in its treasury \$26.27 more than necessary for its current expenses, which it donated to the Sunday School.

—The Young Peoples' Society of the Millersburg Methodist church has elected the following officers for the new year of 1920: President, Mrs. J. W. Miller; vice-president, Miss Hattie D. Wood; recording secretary, Miss Pauline Jones; corresponding secretary, Miss Bernice Borner; treasurer, Miss Elizabeth Pruitt; superintendent of mission study, Mrs. J. Elgin Poole; superintendent of social circle, Mrs. R. A. Plummer; superintendent of supplies, Miss Christine Patterson; Mrs. A. S. Best, of the Adult Society, was made superintendent of the Young Peoples' Society.

—Real estate sales have been active in this vicinity in the past few days. On last Saturday the Adrian Chanslor home on Eighth street, was sold by the heirs of Arris Rankin, for \$3,950; Mrs. W. M. Miller sold yesterday the property occupied by R. C. Bonar and family, to D. L. Leggett, for \$4,350; Mrs. Mary J. Whaley sold yesterday to J. O. Ralls, for \$4,250 the property occupied by Thos. Thorne and mother; Mrs. O. E. Hurst, O. C. Hurst and C. C. Chanslor sold their farm of eighty acres, located on the Ruddles Mills pike, near this city, to a private purchaser, for \$23,000. They purchased the farm about three weeks ago for \$18,000.

—The following is the list of interments in Millersburg Cemetery in 1919: January 11, Josephine F. Crump; January 19, George W. Porter; January 25, Elsie C. Gravel; January 26, Nicholas C. Johnson;

January 30, Carl C. Collier; February 6, America E. Jones; February 14, John W. Jones; February 15, Mary Elizabeth Martin; February 22, Miss Sallie Feedback; March 7, Jesse J. Toomy; March 12, Mrs. Nannie Mathers; March 15, J. F. Mills; March 14, infant of H. B. Richter; March 18, Clarence M. Wagoner; March 30, James W. Shaw; April 16, Lella Ethel Stevens; April 6, infant of Frank Caldwell; April 23, Mary Wheeler; April 29, William C. Smedley; May 22, Sarah E. Hill; May 28, Andrew J. Butler; June 9, Earl Hill; June 12, Silas Herbert Mattox; June 19, Mary E. Linville; July 1, William M. Layson; July 4, Sophia A. Daugherty; July 8, Ruth Wiggins; July 16, W. H. H. Johnson; July 27, Daily Hubbard; August 18, Henry Patterson; September 13, William C. Piper; September 16, Miss Maude Marston; October 2, infant of O. E. Hurst; November 22, Mrs. Louise Collier; November 29, William Lawrence Boots; December 7, Adrian Palmer Chancellor; December 9, Myrtle May Jones; December 9, Mrs. Ruth Tab Peed; December 30, John Boots. This is an increase of ten over 1918, which is but a small number, when compared with other cemeteries during the long epidemic of influenza.

MATRIMONIAL.

BARR—CAYWOOD.

—Miss Elizabeth Barr and Mr. Grimes Caywood, both of Carlisle, were married in this city at the residence of the officiating minister, Rev. W. E. Ellis, pastor of the Paris Christian church. After the wedding ceremony they left for a short bridal trip to Cincinnati. On their return they are domiciled at the home of Mrs. James Mitchell, in Carlisle.

The bride is the daughter of Mr. and Mrs. A. J. Barr, and is a beautiful and attractive young woman. The groom is news editor of the Carlisle Mercury, and until a few months ago held a position on the carrier force of the Carlisle post-office.

CHAMBERS—JACOBY.

—The Indianapolis, Ind., News has the following account in its society columns of the recent wedding of Miss Ruth Chambers, of that city, to Mr. Willis Jacoby, of Paris:

"The marriage of Miss Ruth Chambers, of this city, and Mr. Willis Jacoby, of Paris, Ky., was solemnized at high noon at the home of the bride, on Winthrouse avenue. The home was handsomely decorated in white and green, with white roses all about the house, an altar being arranged in the library with a bank of palms, ferns and clusters of red candles. Rev. Dr. Riley, of this city, was the officiating minister. An orchestra played the wedding music. Mrs. Glen Wilson was matron of honor and Mr. Glenn Wilson best man.

"The bride wore an exquisite gown of blue chiffon, and a corsage bouquet of white roses and pink sweet peas. Later the bride and groom left for a trip in the South and will go to housekeeping at the country home of the groom near Paris, Ky. They were remembered with many handsome and useful gifts, as both are very popular and attractive. Mr. Jacoby is a son of Mr. and Mrs. George B. Jacoby, of near Paris. He was in the war service in Europe for many months and since his return has engaged in business with his father. Among those attending the wedding were Mr. and Mrs. George Jacoby, of Paris, Ky., and Mrs. William Kenney Thomas, of Lexington, a sister of the groom."

PUBLISHES PORTRAIT OF SUCCESSFUL BUSINESS WOMAN

The Cincinnati Enquirer yesterday published a four-page display advertisement of the Central Union Life Insurance Co., embellished with portraits of agents who have written policies in the company amounting to a half-million or more during the year 1919. Prominent in the group are the portraits of Miss Kate Alexander, of Paris, and John Shuff, of Cincinnati, well-known to Paris and Bourbon county people.

Maybe one reason why Hiram Johnson is defying the party bosses is his realization that he can't get them on his side.

DEATHS.

HARRIS.

—Following an operation for gallstones and appendicitis, Mrs. C. R. Harris, aged fifty, died at the Massie Memorial Hospital, in this city, Saturday night. Mrs. Harris was formerly Miss Nettie Poe, and was the widow of C. R. Harris, a well-known farmer of the North Middletown vicinity. She moved with her family to this city about three years ago, and had been since residing on Second street, opposite Skillman Bros. grocery. Mrs. Harris is survived by two children, one son and one daughter.

—The body was prepared for burial and taken to North Middletown. Services will be conducted at the graveside in the North Middletown Cemetery at two o'clock this (Friday) afternoon, by John Willie Jones.

ATTENTION, YOUNG LADIES.

The Cumberland Telephone and Telegraph Company requires more young women to learn Telephone Operating. We will teach you and pay you while learning. Regular and frequent increases are insured.

We like to employ alert, earnest young women, who are courteous by nature and have the ambition to succeed by doing their work correctly. CUMBERLAND TELEPHONE & TELEGRAPH COMPANY. (Incorporated.)
